Mathematics

Question	V. Good	Good	Satisfactory	Unsatisfactory
Syllabus Updated enough	33.33 % students had given response as a v. good. It indicate that students response about syllabus update is very well. No more action needed.	40% students had given response as a good. It specify that students feels that syllabus updated is enough.	Very few 26.66 % express remark this. No more action needed.	
The course Curriculum intellectually stimulated me	40% students had given response as a v. good. It indicate that student are happy about stimulation they get from course curriculum intellectually. No more action needed.	60 % students had given response as good. It point out that course curriculum stimulate them is good.	No more action needed.	
Applicability to real life situation	50.66% students had given response as a v. good. It indicate they can apply course curriculum very well in real life. No more action needed.	29.33 % students had given response as good. It point out that students are happy about applicability of course curriculum in real life.	Very few 20 % express remark this. No more action needed.	
Learning values in terms of knowledge, concept, skill etc.	40 % students had given response as a v. good. It indicate student get learning	40 % students had given response as	Very few 20 % express remark this. No more action needed.	

	values very well through course curriculum.	good. It indicate that no more action is needed.		
Learnt new skill in the due course of your study	For UG students out of 100 % responses, 24% students had given response as a v. for this parameter . It indicate student learnt new skill is good . This remark indicate that no more upgrading is needed.	50.66% students has given response as good for this parameter	Very few 25.33% express as satisfactory and express as unsatisfactory for this parameter.	
Syllabus created interest to pursue post graduation/Research	For UG students out of 100 % responses,10.66 % students had given response as a v. good and % students has given response as good for this parameter .It indicate student think that syllabus that is designed to create interest very well. It helps students to develop interest in them to purse post-graduation/research .No more action is needed.	64 % students has given response as good for this parameter	25.33 % students remark is satisfactory which is very few.	

Depth of the course content including project work	For UG students out of 100 % responses, 6.66% students had given response as a v. good and . It indicate student feels that depth of course that contain project work is good. No more action is needed.	33.33 % students has given response as good for this parameter	60 % students express remark as satisfactory.	
Balance between theory ,practical and applications	For UG students out of 100 % responses,44 % students had given response as a v. good .It indicate student feels that curriculum can make Balance between theory, practical and application very well. No more action is needed.	56% students has given response as good for this parameter.		
Usefulness for developing social skill	For UG students out of 100 % responses, 54.66 % students had given response as a v. good . All these indicate student can use curriculum to develop social skill among them. No more action is needed.	29.33% students has given response as good for this parameter.	Only 16 % students express remark as satisfactory which is nearly negligible.	
Overall rating	33.77% students had given response as a v. good .44.74 % students had given response as a good . 21.48 % students had given response as a Satisfactory .It indicate that students are happy about all parameters related to curriculum.
